

Yr 13 Product Design with Resistant Materials Technology Edexcel

Start major project as soon as students return from their Yr12 exams.

Yr13 Subs – to support and extend making.

Analysis of AS grades/unit performances – Target Setting.

Course structure:

Unit 4A – Materials and Components,

Unit 4B – Design in Society,

Unit 5 – Major Project,

Unit 6 – Synoptic Design Paper.

Full A2 grade = AS result + A2 unit results divided by two.

4.5 periods per week.

All lessons up to deadline to be focussed on major project development.

Deadline ~ mid March.

See full project outline.

Post Deadline - all lessons focused on revision for units 4A, 4B, Unit 6 research and Exam preparation.
