

# Music Technology

Transition work

## Part 1

### Create a playlist of Music Styles

For this course you will need to have knowledge and understanding of the instruments, the sounds associated with them and the combination of instruments and voices used in the styles listed below. Create a playlist either on Spotify or YouTube that contains an example of each style

Style	Example	Song	Artist
Jazz		Mood Indigo	Duke Ellington
Blues		The Thrill is gone	B.B. King
Rock 'n' Roll		Blueberry Hill	Fats Domino
Rock		Happy	The Rolling Stones
Metal		Metallica	Master of Puppets
Punk		Sex Pistols	Bodies
Soul		Marvin Gaye	What's Going On?
Disco		Gloria Gaynor	I will survive
Funk		James Brown	I Feel Good
Reggae		Stir it up	Bob Marley & the Wailers
Folk		Fog on the Tyne	Lindisfarne
Commercial pop		Can't get you out of my head	Kylie Minogue
Urban		Bonkers	Dizzie Rascal
Electronic and Dance		Adagio for Strings	Tiesto

## Part 2

### Compose and record a piece of Music

This is to be played to the group in the first few lessons of the year. It is an open task and can be of any genre using any method and any style of Music. The only condition is that it is longer than 1m30s but no more than 4mins. There are many ways you could go about this. Here are a few ideas:

- A Multitrack recording using a sequencer
- A song composed on guitar then recorded onto a phone
- A piece of dance music created on Garageband or Logic
- Online sequencer such as Soundation
- A track created through an app on IOS or PLAY
