

JUST LAUNCHED

An exciting new
e-learning platform
to help with your GCSEs

Free,
unlimited
streaming
access to the
GCSEPod
website.

1000's of
short videos
(‘Pods’)
covering 27
IGCSE
subjects.

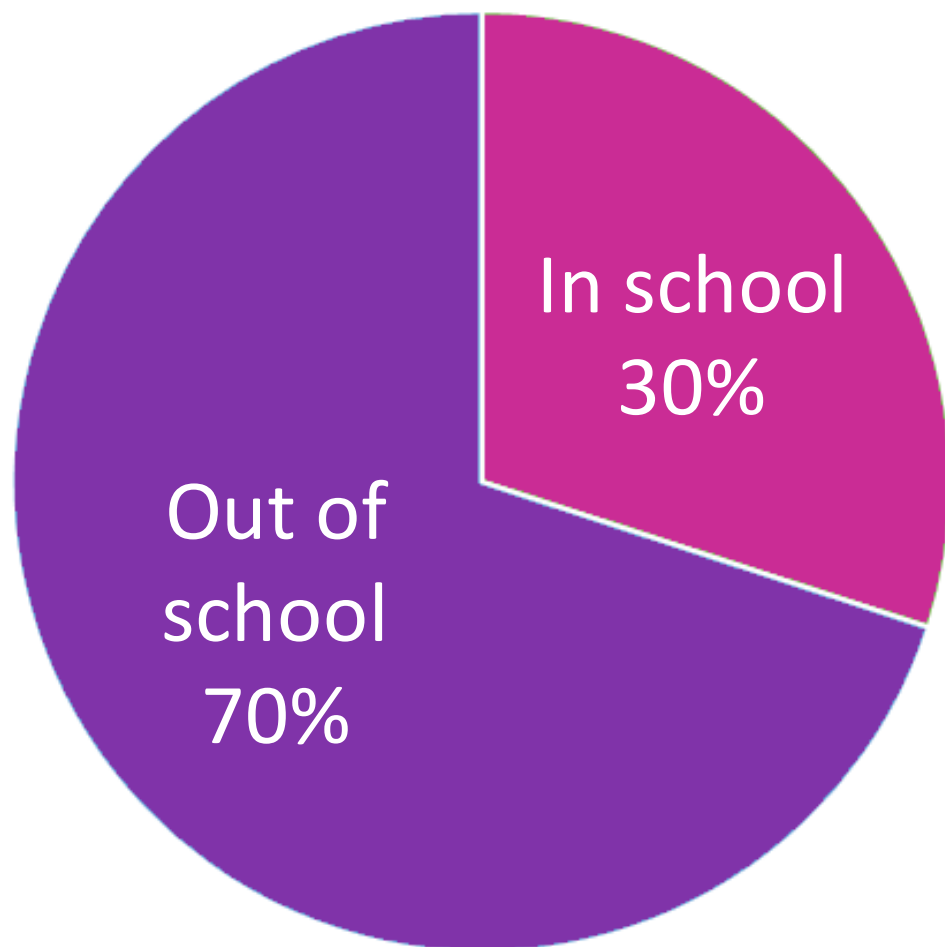

Everything
filtered for the
curriculums
you are being
taught.

Unlimited
downloads to
take the
videos
anywhere.

SEE YOUR RESULTS

SOAR

In a study of over 2,500 students, high GCSEPod users* achieved, on average, **2 grades higher** per subject compared to low users!

Highest users also smashed past their teachers' predictions of what they would achieve per subject – by almost an entire grade!

*Watched around 150 videos in a school year.

Start now and use often

Just like training for a marathon, you need to **start early and train little and often.**

Students who used GCSEPod over the **WHOLE year**, not just during exams, achieved **greater results.**

Key Features

Playlists

Your child can create their very own bespoke playlist by selecting Pods that they feel they need to focus on. They can then watch the playlist to brush up on their knowledge or download it to take it everywhere they go.

Check & Challenge

Your child can test their knowledge on Pods by completing quizzes and questions. They will receive instant feedback on their answers with helpful tips to help them understand why it's right or wrong.

My Courses

Your child can keep organised by viewing a list of their upcoming exams in subject or date order. They can view an exam playlist to see all the Pods relevant to that exam.

Assignments

View homework set by your child's teacher. Your child should watch Pods selected by their teacher and complete the questions to help test their knowledge.

Paper to Pod Guides

Your child can use our guides alongside their marked past exam papers to identify areas they need to focus on. They can watch the Pods relating to questions they didn't do so well on to help fill any knowledge gaps.

Downloads

You can download all our Pods to your child's mobile device so they can learn on the go, anywhere they are. There are 3 GCSEPod apps which are free to download.

What can I do to support my child?

- Got a long car journey coming up? Ask your child to download some Pods to watch on the way
- If your child is struggling with a piece of homework, search the topic on GCSEPod to help them
- Challenge your child to watch 10 Pods a week and reward them when they do
- Ensure your child is completing activities alongside the Pod for their revision
- Ensure your child creates playlists for the topics they struggle with when revising
- Check your child's scores on the Check & Challenge quizzes
