

### The three key support groups pledge to help students to fulfil their potential

	<i>Student Pledge</i>	<i>Parent/Carer Pledge</i>	<i>Hinchingbrooke Pledge</i>
<b>Attendance</b>	I will attend school regularly and punctually.	I will ensure that my child will attend school regularly and punctually, updating the school of any changes in contact information and changes in personal circumstances.	We will track attendance and punctuality offering support and informing students and parents/carers of standards which fall below expectations.
<b>Uniform</b>	I will dress smartly in the correct uniform and be prepared to learn.	I will ensure that my child wears the correct uniform, in line with school expectations.	All staff will set clear expectations of uniform standards, which are checked and monitored by all staff, and sanctions given when standards are not maintained. Support and assistance will be offered to those who are unable to obtain items of uniform.
<b>Equipment</b>	I will bring all books and basic equipment to lessons.	I will ensure that my child has the necessary books and equipment for all lessons but will not bring uninsured valuables or potentially dangerous items to school.	We will provide differentiated, exciting, engaging and appropriate learning resources to assist all students in achieving their potential.
<b>Homework/ coursework</b>	I will log into Doodle daily and check the homework that I have been set and ensure that all homework is handed in on time.	I agree to log onto Doodle Parent on a weekly basis to see the homework that has been set for my child and help ensure homework is submitted on time and to the best possible standard.	All students will be provided with a Doodle account and all homework set will be on Doodle, with achievable and appropriate deadlines.
<b>Rules &amp; Conduct</b>	I will follow school rules, work to the best of my ability and behave in a respectful manner which enhances my learning and the learning of others.	I will strive to ensure that my child adheres to the Hinchingbrooke School Code of Conduct/Rules. I will support the school when they feel that my child has not met these standards.	We will keep you regularly informed and consulted about school matters including the curriculum and your child's progress. We will offer a broad and balanced curriculum.
<b>Mobile technology</b>	I will use mobile technology sensibly and appropriately, always following the instructions of teachers and other adults. I understand that I am responsible for the safe keeping of any mobile devices.	I support the school's policy on mobile technology and will ensure my child understands it is a device to aid learning and must not be used inappropriately.	We will encourage students to use mobile technologies for learning in an appropriate manner. Students found using them inappropriately will be sanctioned and for repeated or serious breaches we reserve the right to confiscate the device.
<b>Computers</b>	When using the computer system and Internet, I will do so in a responsible way.	I will monitor communication to ensure that the school ethos is not undermined by cyber-bullying or anti-social behaviour.	We will offer modern, insightful ICT equipment to assist our students' learning. We will offer students a safe protected environment in which to use equipment.
<b>Expectations</b>	I will show respect, courtesy and consideration to all members of the HBK Community. I will contribute to the positive ethos of Hinchingbrooke School.	Through taking an interest in, and supporting, the broader life of the school I understand it will help my child to achieve their potential. I will encourage the participation in clubs and extracurricular activities.	We will deliver a variety of enrichment and extracurricular activities, providing all students with the opportunity to leave Hinchingbrooke as well rounded young people, who are inspired to achieve in life.

As a student at Hinchingsbrooke School I accept that everyone should be able to:

- feel and be safe, happy and healthy
- express their own opinions and ideas without fear of being teased, as long as their opinions do not cause offence to others
- work in lessons and other areas without being disturbed
- be in a clean and attractive environment
- travel to and from school safely and responsibly
- have their personal property respected
- receive a challenging and appropriate education
- protect the rights of others
- ask staff for help and support.

This agreement serves as a commitment to help your child to receive the best possible conditions to allow them to develop and grow. The link between School, students and parents/carers is pivotal to ensure that all parties can progress.

Signing this agreement shows that you trust the professionalism of the staff to act in the best interests of the children in their care. In addition it also allows for any photographs to be used for publicity purposes by the school. Parents/Carers who are concerned about any aspect of this agreement should contact School via the communication team.

*Inspiring excellence Fulfilling potential*

## HOME SCHOOL AGREEMENT

### OUR MISSION

Our mission is *to inspire excellence and fulfil potential.*

We aim for all students to be nurtured as uniquely talented individuals, finding fulfilment through their learning and the development of their intellectual, creative, physical and emotional capabilities.

We aim for our students to develop the moral integrity to become responsible global citizens, so that they may take their place in society with confidence. We are confident that anyone associated with the Hinchingsbrooke learning community, student or adult, will leave the richer for their experience.

### Our values

We aim to instil values in our students such as compassion, tolerance and a sense of justice. We are committed to building a learning community based on:

- mutual respect
- moral integrity
- freedom of expression
- a sense of ambition for self and others
- tolerance and
- an appreciation of religious and cultural diversity.

We are committed to:

- building a strong and effective partnership with parents/carers
- forging links with other educational providers to enrich opportunities for our students and to support others in their educational endeavours
- working with local businesses to provide work related learning and to develop pathways to employment
- encouraging our students to make a contribution to the local and wider communities.
