

The Careers Team are still here to help

We hope you are all safe and well. We know this must be an uncertain time for many of you so we wanted to let you know we are still here to help and support you with any guidance you may need. Please feel free to send an email to ats@hinchbk.cambs.sch.uk or kos@hinchbk.cambs.sch.uk for further advice. If you would prefer, we would be happy to phone you for a chat (please include an appropriate contact number and time of day). We would be pleased to help you with any issues regarding the career choices you are making.

You can still make applications to our local Cambridge area partners (including CRC and HRC) via <https://www.mychoice16.co.uk/login/>. If you have trouble logging in please do not hesitate to contact ats@hinchbk.cambs.sch.uk for help. All centres have paused their 'Open Days' and interviews due to the current restrictions but will be contacting applicants via the email address you used when applying - it may have been your school email - please continue to monitor your email account regularly to ensure you do not miss any important information. This process is slower than usual but is happening. Here is some general information from those organisations you may have or are still thinking about applying to.

The Colleges

Cambridge Regional College (including HRC) have announced the Introduction New Level 1 courses in most subjects and are adding these to their offers from September, if interested have a look on their website.

Those students who need questions answering regarding any existing offer made by CRC can enquire by:

- Email - enquiry@camre.ac.uk
- Mobile – 07870 483221 (please note their landline contact number will not be in use)
- Online live chat on the website www.camre.ac.uk
- Post - not in use

Telephone career appointments can be booked by using e-mail or the mobile number above.

Those who still need to apply can do so by identifying the course they wish to do and then either pressing the apply button to apply online or downloading the paper application [Application Form 2020-21](#) and either scanning or taking a digital photograph and sending in on relevant e mail, see below. Those using Mychoice@16 can still make applications by that route.

If people need to raise a question about any application made please contact the relevant campus:

- Cambridge Campus - phone 07929182174 or email cadmissions@camre.ac.uk
- Huntingdon Campus - phone 07929182174 or email hadmissions@camre.ac.uk
- Students and Parents/Carers can sign up for Alerts from the college as the situation evolves, www.camre.ac.uk/alerts

Communication about applications will be by e-mail provided in the application.

Any applications to **Peterborough Regional College/Moulton College** or **Shuttleworth College** can be made directly online through their websites. There are also contact details for the teams running each course should you need more information. All these establishments are still actively recruiting onto their courses for a (hoped for) September start.

Peterborough Regional College have set up an information page on their website – including a new ‘Parents Page’, that aims to answer any questions Year 11 students and their parents/carers may have about applications, courses and starting college in this unprecedented situation. This information can be found at: <https://www.peterborough.ac.uk/courses/parents/>

If you have applied to any of these but are still waiting for an offer, then please contact the relevant college via their admissions teams. The email addresses and phone numbers are available on their website. If you are still unhappy with the outcome, please contact us and we will try our best to help.

Good luck and remember we are still here to help in any way we can:

Mrs Tanton-Smith ats@hinchbk.cambs.sch.uk
Mr O’Shaughnessy kos@hinchbk.cambs.sch.uk

We are and will keep sending out new information from our Twitter account so follow us on **@CEIAGHBK** for further updates.
