HBK update, Friday 26 June 2020

Dear Parents and Carers

Remote learning at HBK – update

Please click on the link below to view the range of learning opportunities available to our students. This is clearly an 'upgrade' on what we were providing in April and I have today thanked the staff for their work in making that happen. I would also like to thank the many parents and carers who have given us constructive feedback; this has helped us to improve our offer and we are determined to continue to improve it – we are all learning as we go.

Year 10 and 12 students in school

How lovely it has been to have our Year 10 and 12 students in school this week! They were their usual selves: polite, friendly and looking smart (especially the Year 10s in their uniform!) - a real credit to themselves, their families and the school.

September 2020

You may have seen a statement from Boris Johnson reported on SKY News yesterday saying that he is expecting all students to be back at school full time from September. If this can be done safely, in line with the guidance that is relevant at that time, we will be truly delighted! Young people learn best in school and that's where we want them. Clearly, at this stage we are planning for a range of scenarios from September but we will know more as time passes and we will keep you fully informed.

Summer results days for Year 11 and Year 13

We are hoping that we can provide some kind of celebration for our Year 11s and 13s on results days in August. We will certainly do what we can within the relevant guidelines at that time. More details to come from colleagues about this.

Thank you

We would like to thank our students for their efforts since Lockdown began. It has been, and continues to be, a challenging time for everyone. How hard it must be as a young person to work in a largely independent way, day after day, for months! Our students have risen to this challenge and they deserve huge credit for doing so. Huge thanks, too, to parents and carers for helping them in any way you can and for the many messages of appreciation and support you have sent to staff at the school. We really appreciate them.

Keep safe.

We are Hinchingsbrooke. Best wishes.

Mark Patterson, Principal
