

Interactive Work Experience

This activity will take around 30 minutes.

Take part in this fun interactive work experience session with a technology company and find out more about them and what they do.

You get to choose the questions and what you find out. You also have to choose answers and give suggestions.

It's a fun and relaxed way of doing some virtual work experience. You can also find out about different peoples jobs there.

It has some friendly people and some cool music.

Click on this link below to take part.
