Be Active, get fit and stay well with [Activ8rives.com](http://www.activ8rives.com). Walking the World - together!

[Activ8rives.com](http://www.activ8rives.com) supported by LIVING SPORT (Cambridgeshire and Peterborough Sport Partnership) are sponsoring a team of 25 young people from Cambridgeshire to a virtual "walk around the World" non-competitive challenge - open to anyone aged 14 to 25.

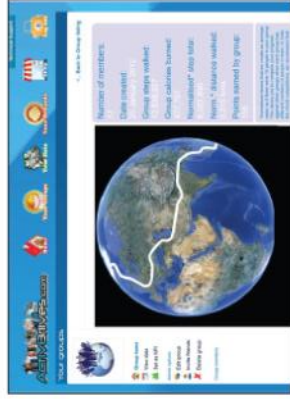

Upload your step data (and weight if you want to) to your private [activ8rives.com](http://www.activ8rives.com) account

Using [Activ8rives.com](http://www.activ8rives.com) technology and team-bases website, together we will walk around the World by automatically counting our steps during the day and then uploading our step count to the [www.activ8rives.com](http://www.activ8rives.com) website. We will follow our progress in Google Earth.

With support from LIVING SPORT, we will provide 25 Buddy step counters with neck and arm straps for just £4.50\* each to the successful applicants (RRP £44.95).

Step count for the group is then mapped onto Globe in Google Earth

Join the team to form a private on-line community. Your step count will be secret to you. Your activity (even cycling) will be converted into a step count which will be added to the total. Together, we will walk around the globe via Melbourne, Australia. Team members will each earn prizes along the way kindly donated by **One Leisure** and **LIVING SPORT**.

Wear your Buddy step counter around your neck, in your pocket, on a belt and on your arm or ankle when cycling. Neck strap and arm/ankle strap included.

This is not a competition. We co-operate with each other and make it as a team. To find out more, call 01480 352 821 or email us at: [walkaroundtheworld@activ8rives.com](mailto:walkaroundtheworld@activ8rives.com)

Upload step count via integrated USB to your PC or Mac (requires internet access and permission to download a 1.5Mb program).

View your own step count (private to you) and the team's TOTAL step count and distance travelled as a team. Chat with team members in a secure and private chat area for team members only.

Create other groups for family, friends or colleagues.

Zoom into the latest satellite imagery as we walk across deserts, climb mountains and cross oceans.

\* To be eligible, you must be between 14-25 years old at the start of the programme and live in Cambridgeshire. You will need to be able to use a PC or Mac and have internet access. Under 18s require parental/carer consent. Funding for this challenge was provided by LIVING SPORT.

*Together, we can do it!*
