What is SAM Learning?

SAM Learning is a website which is run in a similar fashion to a social networking site where students can complete thousands of different tasks, tests and work across different topics and subjects. They can choose their own avatar to represent them, - the better their marks, the higher ranking they move up against their friends into different parts of the SAM World, making revision competitive and fun.

Teachers can set homework or class tasks for students and students can instantly see their marks and track their progress in all subjects.

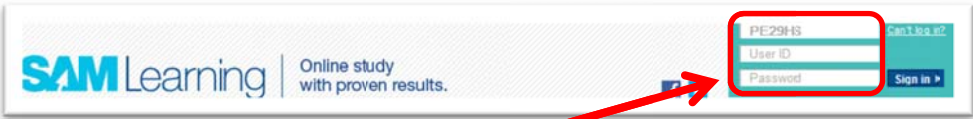

What are the benefits?

SAM Learning is the only online education provider independently proven by the Fischer Family Trust (FFT) to improve results and raise standards in schools. The FFT found that students using the service for just 10 hours significantly improve their GCSE results by an average of two GCSE grades (12 capped points score), improving the likelihood of students clinching a good first job, an apprenticeship or even going on to further study.

How does my child log on to SAM Learning?

Go to the website www.samlearning.com

The login bar is in the top right hand corner of the screen. Enter the details as follows.

A screenshot of the SAM Learning website's login bar. The bar is white with a light blue background on the left. On the left, it says 'SAM Learning' in blue and 'Online study with proven results.' in a smaller font. On the right, there is a login form with three input fields: 'User ID', 'Password', and 'Can't log in?'. A red box highlights the 'User ID' and 'Password' fields. A red arrow points from the text below to the 'User ID' field. A 'Sign in' button is located to the right of the password field.

Centre ID: PE29 HS (First part of postcode then HS for Hinchbrooke School)

User ID: DOBinitials (eg: 060500ac)

Password: DOBinitials (as user ID)

If your child has changed their password and cannot remember it, you can email Miss Moore at mrm@hinchbk.cambs.sch.uk for a password reminder or reset.)

How do you gain points to move through SAM World?

Each student can become 'buddies' with up to 10 other students in their year. These buddies are then displayed alongside their own avatar in order of the number of points each student has gained.

Test question = 0 points

Exam paper = 0 points

APP = 150 points

Revise = 50 points, and bonus points for achieving a higher score

Improve = 100 points

With upcoming exams for years 8-11, now is the time to find out just how effective SAMLearning is as a revision aid for your child.

If you would like any further information about SAMLearning at Hinchbrooke School then please get in touch with Miss Moore on School number 01480 375700 ext 5804 or by email: mrm@hinchbk.cambs.sch.uk
