

## Steps to Success

In order to achieve well in this final paper, students need to:-

- Make good use of past paper materials available on the OCR website, text books or revision guides that they may have been given.
- Print out a copy of the course content (pages 7 to 11 of the specification) and use this to produce a revision schedule,
- Highlight areas on their print out that they need to concentrate on; or raise in lesson time for extra clarification.

### Grade boundaries for written paper

Max mark	A*	A	B	C	D	E	F	G	U
60	54	48	42	36	30	24	18	12	0

Above all - don't panic

Publisher resources for GCSEs

The final exam will be 90 minutes in duration, with a total of 80 marks available

The structure of the paper will be in accordance with the past exam papers available on the internet link provided.

Candidates are required to answer five compulsory questions, including short answers, picture stimulus, data response, structured and free-response formats. The Mock paper questions will be selected from the course content delivered to date.
